

Message in a Bottle (Paperback)

By Susan Hom, Phillip Richardson

Sterling Publishing Co Inc, United States, 2009. Paperback. Book Condition: New. Steve Bjorkman (illustrator). 214 x 130 mm. Language: English . Brand New Book. An amazing, hands-on way for kids to learn about oceans and ecology! Written by Susan Hom with one of the world's leading oceanographers from the Woods Hole Oceanographic Institute - the largest private, nonprofit ocean research, engineering and educational organization - this unique gift set sends young conservationists on a virtual adventure. The fun begins when a child registers the enclosed watertight bottle on a special website. Then he or she fills out the first entry, including location and date, in the kit's logbook. That log goes into the bottle, and the child seals it up and drops it into the nearest river, stream, ocean, or canal. As others find it, they can record their own data in the log and register their information on the website. Every time someone does, the site notifies the original bottle-sender, who can plot its progress through the world's waterways - and see how the tides work and just how interconnected we all are through these bodies of water. In addition to the bottle, the set features...

Reviews

Completely essential go through ebook. It can be written in basic phrases and never difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

This is the very best publication I have got to go through until now. I am quite late in starting reading this one, but better than never. I discovered this pdf from my dad and I encouraged this book to understand.
