PRINCESS UNDER THE RAINBOW (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. Large Print. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.There was once an advanced ancient civilization called Lemuria that existed in the South Pacific. It existed before and during the time of Atlantis, so it was older than their sister continent on the other side of the earth. But like the City of Atlantis, the continent and civilization of Lemuria met with the same cataclysmic fate. They were both destroyed by water and had sunk into the dark depths of the sea. The intelligent race of Lemurians had the ability to genetically manipulate strands of DNA. They made many genetic alterations, but one of their most outstanding creations was the unicorn, when they genetically adjusted and modified the genes of wild horses. Just prior to their extinction when the ocean claimed their vast land and had swallowed up their civilization, the Lemurians transported their precious unicorns to a realm, a wonderland located under the rainbow. The unicorns current home was in a spectacular kingdom called Rainbow Land situated under the rainbow. It was the mystical realm of awe and wonder that their makers had chosen for their preservation. It was here that Princess Angelique Huston lived with her parents. After being granted a wish by Champion, her unicorn, the two departed for planet earth. Their thrilling adventure produced unexpected results.
