How Pigeons and Other Animals Sense Magnetic Fields (Hardback)

By Ryan Nagelhout

PowerKids Press, United States, 2015. Hardback. Book Condition: New. 231 x 150 mm. Language: English . Brand New Book. How do homing pigeons navigate? They have a special ability to sense magnetic fields. As readers learn about this impressive adaptation, they're introduced to important science curriculum topics in a fresh, engaging way. Readers explore fun facts about pigeons and other animals that can also detect magnetic fields, including honeybees. Colorful photographs of these animals and a helpful graphic organizer are included to enhance the reading experience. With each turn of the page, readers will gain a new appreciation for pigeons, honeybees, and other animals that have their own built-in compass.
