

Surveying Practice Problems (Paperback)

By Timothy J Nelson

Engineering Videos, United States, 2011. Paperback. Book Condition: New. 278 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Surveying Practice Problems provides 105 multiple-choice surveying problems to assist civil engineers and land surveyors in preparation for their professional licensing examinations. Topics include: Horizontal Curves, Vertical Curves, Distance, Leveling, Area, Angles, Traverse, and Photogrammetry. This book is divided into 3 Sections: Questions, Detailed Solutions, and Quick Solutions. The Detailed Solutions Section is the largest section, where problems are solved using equations, figures, tables and notes. The Quick Solutions Section only provides the multiple-choice letter corresponding to the correct answer, so readers can quickly check their answers. Surveying Practice Problems contains only problems and solutions. This book does not teach the subject of surveying from scratch. This book is ideal for those who are already familiar with the subject of engineering surveying and could benefit from more example problems.
