By Toby Oliver

Createspace Independent Publishing Platform, United States, 2014. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.At the height of the War in 1943 British Intelligence receives a microfilm containing vital information regarding Hitler's so called vengeance weapons, the deadly V-1 and V-2 rocket programme being conducted at Peenemunde in northern Germany. A brilliant young French scientist, Jean Giscard, had been forced to join the development project as his family came under ever increasing threats from the Nazis in occupied France. Before the War Giscard had studied at Berlin University, and therefore knew many of the leading scientists now working in Peenemunde, they remembered him well, and requested that he be included to work on the top secret project with them. Horrified at the destructive nature of the weapons he is helping to develop, he tries escape in order to warn the Allies that not only are the lives of thousands of people at risk, but that the weapons could quite literally affect the final outcome of the War against Nazi Germany. After successfully making contact with the Special Operations Executive he is spirited out of northern Germany via an...
